The ZS SOTA Autumn Day

The Autumn ZS SOTA Day will be on Monday 2 May (a public holiday). For those planning on activating a summit, it is time to start looking at which summit you are going to activate and your planned activation times.

This is fun day out in nature and not a competition, each participant will receive an Autumn Day certificate whether you activated or chased those activating summits. For activators, it is fun to see if you can make summit-to-summit (S2S) contacts with other activators and how many chasers you can get in your log.

Please consider posting your activation times, so that chasers and other activators will know that you are activating a summit and at what time they must listen out for you. If you are not on the SOTA/POTA WhatsApp group and wish to be added please sent a WhatsApp message to Sid on mobile 082 461 3279. Please join the fun of activating a summit or chasing those who venture out.

First time activators, if you need assistance or advice please don't hesitate to ask for advice.

He will have his FT-991A and hopes to be on all bands using a vertical, dipoles, and homemade hexbeam made of bamboo and wires. For QO-100 he will have an 80 cm dish and BU500 rig, one watt. After Rwanda he plans to go to Burkina Faso (signing XT2AW) and Cape Verde (signing D44TWO) in September. QSL via M00XO or his OQRS. See QRZ.com for more details and pictures.
